

## High Performance

Reduce paper usage and filing space with the optional duplex unit available on the standard models. Opt for the Duplex Auto Document Feeder and maintain uptime with the optional 250-sheet paper cassette without the need to load paper frequently.

## Quick Warm-up Time

With the On-Demand Fixing technology, the imageRUNNER 2202N/2002N/2002 consumes minimal power when not in use and gets ready in less than 3 seconds. Coupled with a low-melting point in toner and a low TEC value of 1.18kWh, power consumption is minimized. Maximize the device performance with Canon's genuine toner and long life drum technology while producing high quality printouts.
